To Whom It May Concern:

The Norfolk Area Chamber of Commerce would like to offer its support for the Google Impact Grant to continue the work of the Northeast Nebraska Growing Together initiative.

The Norfolk Area Chamber of Commerce is a voluntary business organization dedicated to improving business and building a better community in Norfolk and Northeast Nebraska. The Chamber is a place for everyone who shares the desire to improve the community and the region. One of those needed improvements for our business community is a co-working space. We have a large contingent of budding entrepreneurs who desire to be in a co-working space to facilitate collaboration and sharing of resources as they launch their business ideas.

The Norfolk Area Chamber of Commerce has been a partner in the Growing Together initiative during this planning process. We are excited to implement the co-working space to continue growth and development in our community. We are fully supportive of the Growing Together initiative and will continue our partnerships to implement the strategies laid out in plan.

Sincerely,

Denise M Wilkinson
President/ CEO
Norfolk Area Chamber of Commerce
